# 1.4 And its Different Budget Scenarios?

| SCENARIOS         | BUDGET           | BUDGETARY GAP 2018 | % DIFFERENCE |
|-------------------|------------------|--------------------|--------------|
|                   |                  |                    |              |
| Coded Budget 2018 | \$ 4 858 526,00  |                    |              |
| Minimal Budget    | \$ 7 906 000,00  | 3 047 474,00       | 39%          |
| Base Budget       | \$ 9 900 000,00  | 5 041 474,00       | 51%          |
| Optimal Budget    | \$ 12 324 590,34 | 7 466 064,34       | 61%          |

# 1.4 GMR Budget

| Current Budget | Optimal Budget | Budget Gap   | Difference |
|----------------|----------------|--------------|------------|
| 1'454.614,21   | 3'948.579,00   | 2'493.964,79 | 63%        |

# 1.5 Achievement of a Historical Milestone

1995: Establishment of the touristic operation  
patents (POT)

2018: DPNG proposes to update the value of the  
patent  
Calculation formula: TRN vessel x SBU x 80%

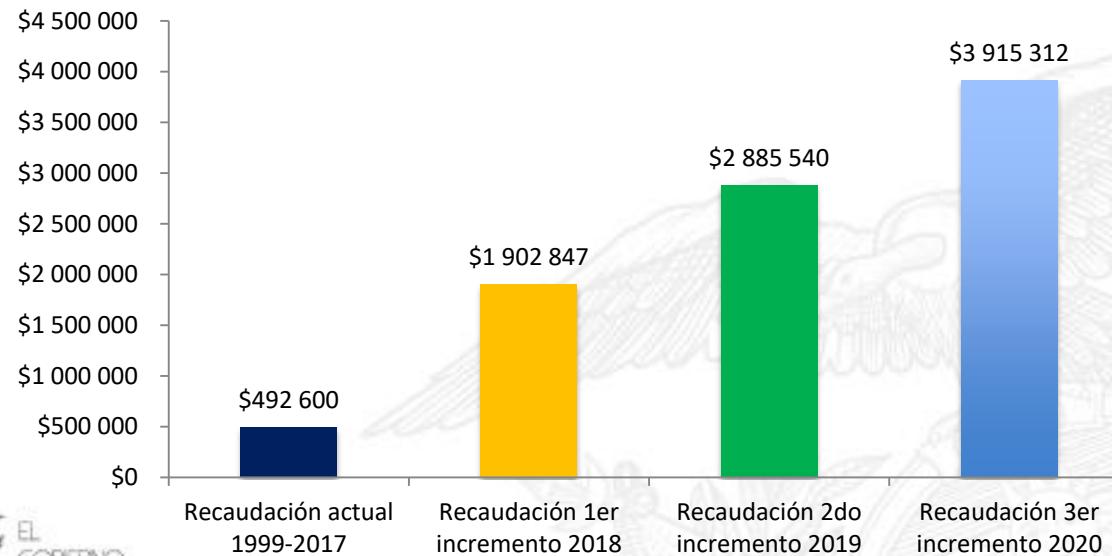

2018: Minister of Environment signs the  
agreement for the POT update

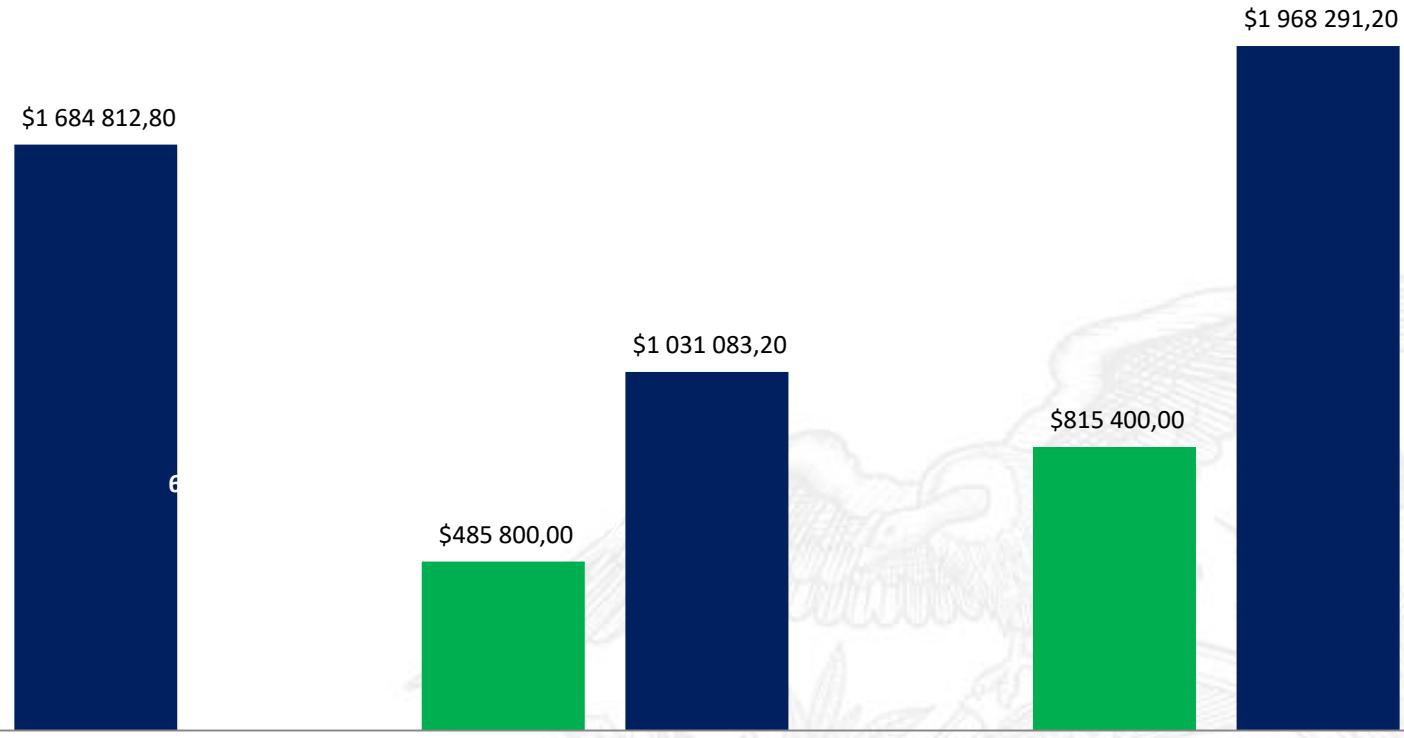

# 1.6 Touristic Operation Patents

| MODALIDAD            | # Embarcaciones | Recaudación actual<br>1999-2017 | Recaudación 1er<br>incremento 2018 | Recaudación 2do<br>incremento 2019 | Recaudación 3er<br>incremento 2020 |

## 1.7 Simulation of the Collection Scenarios of Foreign Ships Compared to the Value Projection of 2019

| Foreign Ships        | 2015            | 2016            |
|----------------------|-----------------|-----------------|
| Current Value        | \$ 536 890,00   | \$ 485 800,00   |
| Projected Value      | \$ 1 684 812,80 | \$ 1 031 083,20 |
| Percentage increased | 68%             | 53%             |

## 2. HOW?

## 2.1 Main Goal

Create and capitalize a trust fund (anchored to the FIAS) which ensures its own financial sustainability, in order to preserve and conserve the Galapagos Marine Reserve (GMR)

## 2.2 MILESTONE / PROGRAMS

Participation, Communication and Environmental Education

To strengthen and potentiate the current structures of conservation management of the GMR

To expand the successful management model of the GMR

To maintain and enhance the control and surveillance program to protect the marine heritage

To ensure the GMR conservation and its ecological integrity, through monitoring and investigation for the rational use of the environmental goods and services

To contribute for the elaboration and implementation of the Emergency Plan for the GMR

Mainstreaming of Climate Change activities within the GMR

# PROGRAM 1

To maintain and enhance the control and surveillance program to protect the marine heritage

To improve and maintain the oceanic, coastal and aero fleet

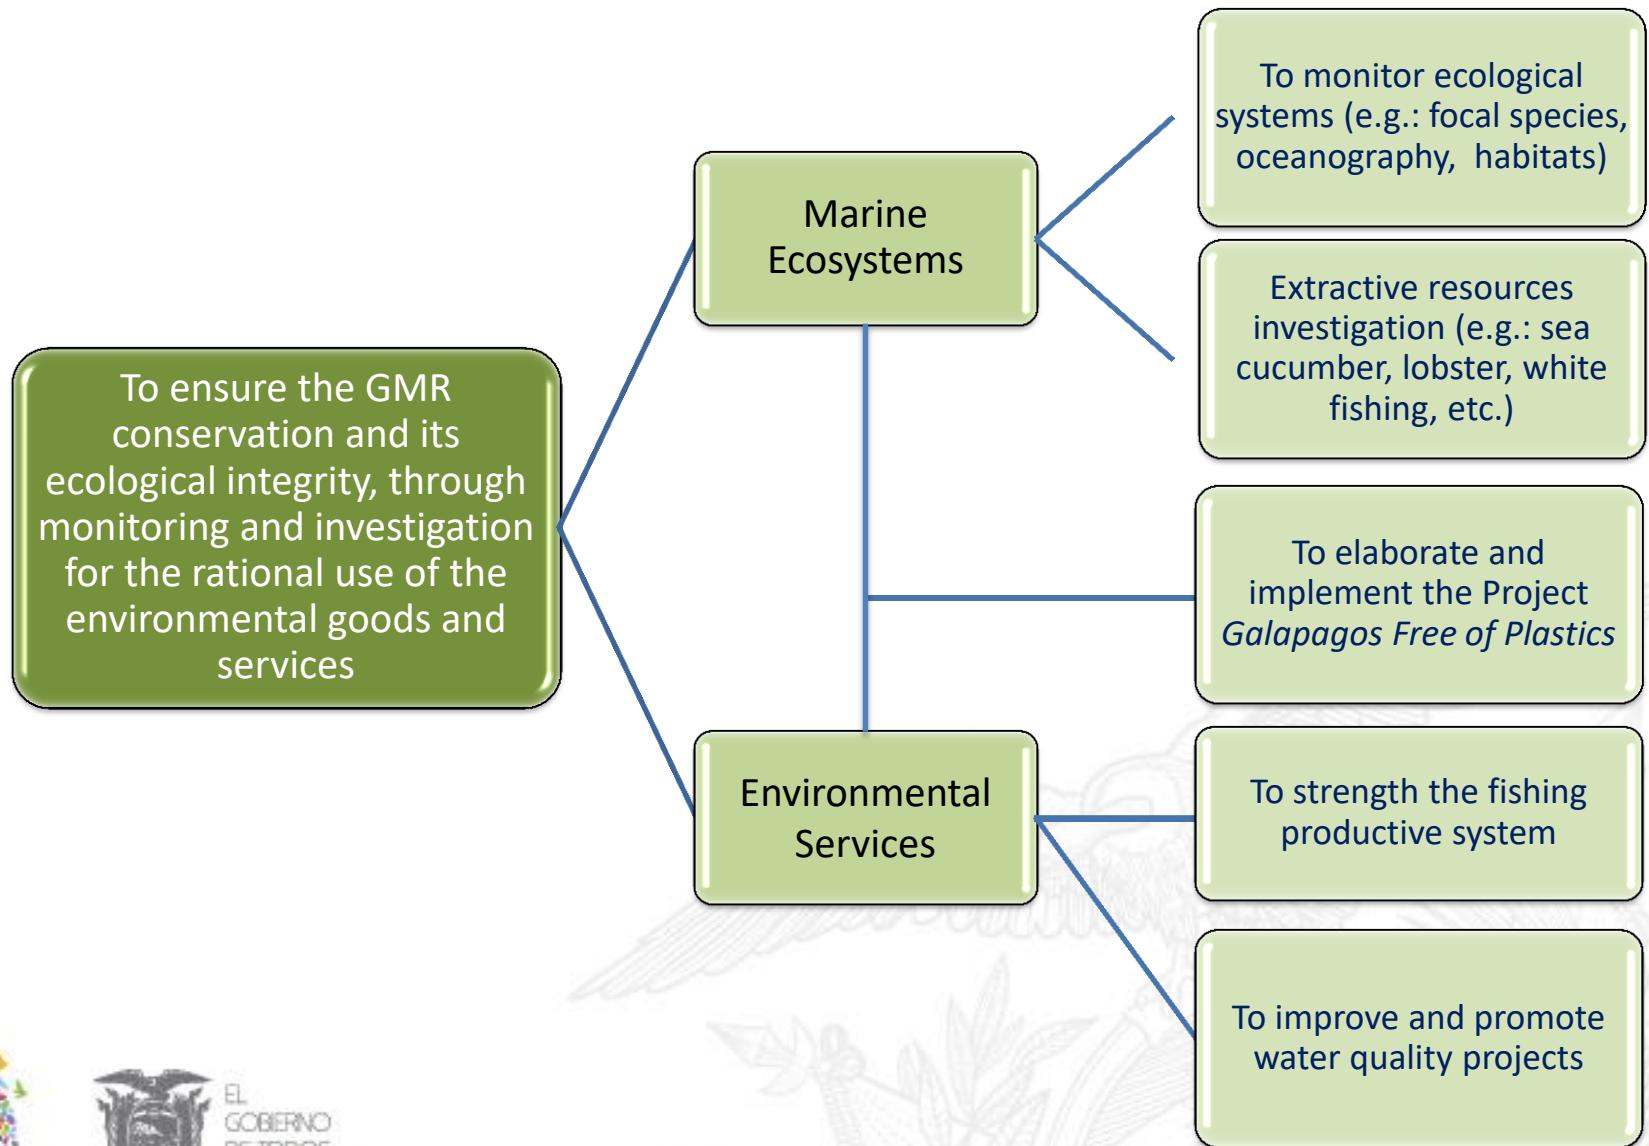

To maintain and update the diving program

Repotentiate the VMS y AIS control system

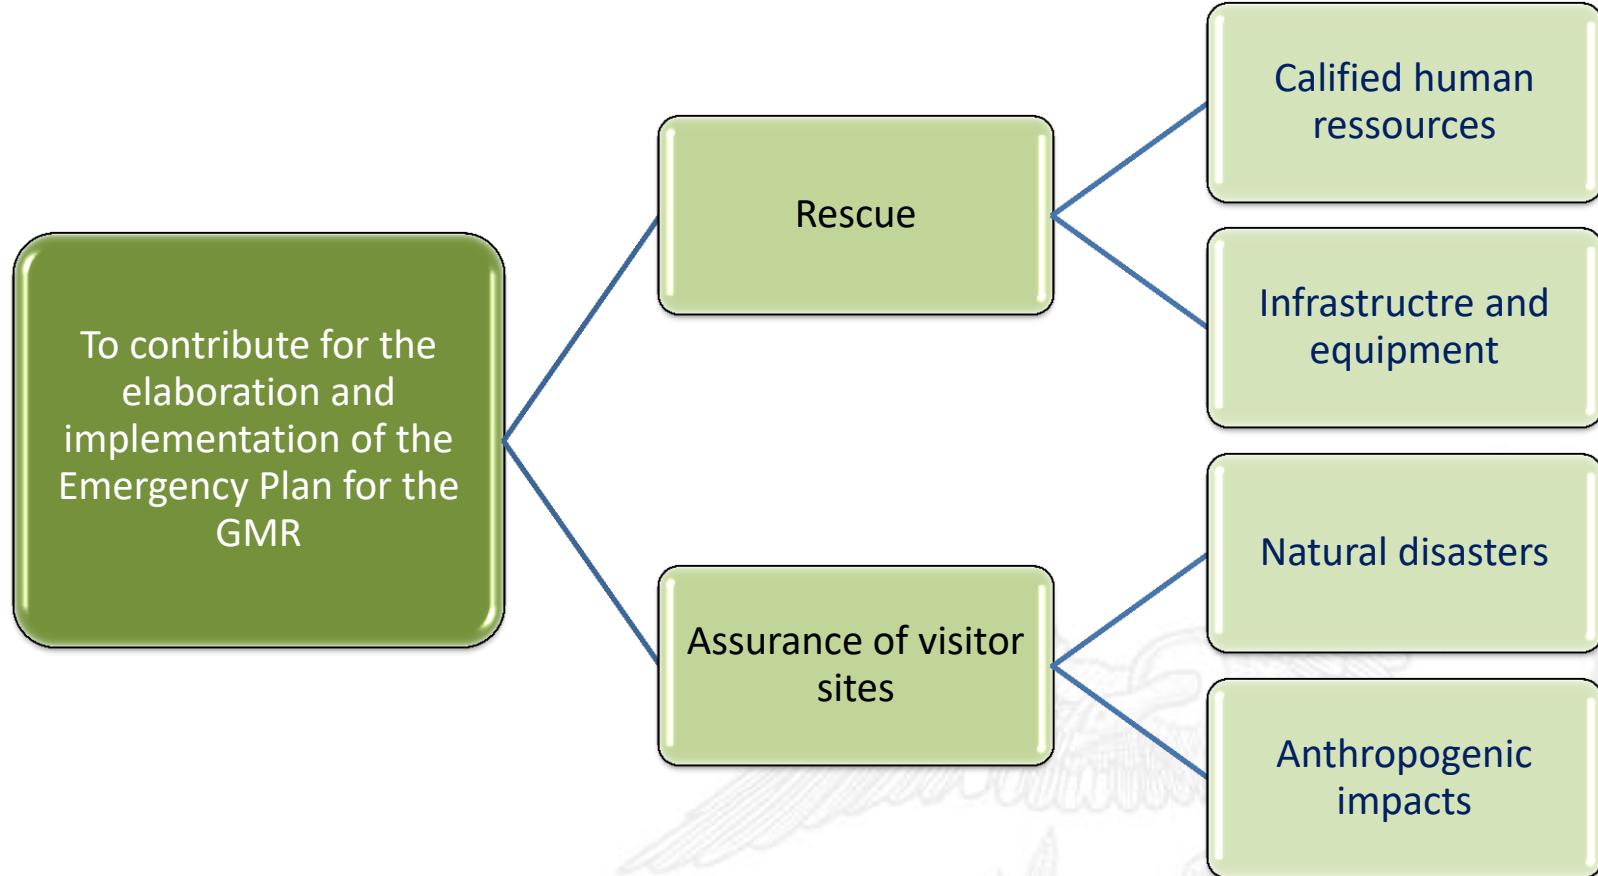

Implement the state-of-the-art technology for the patrolling and control of the GMR

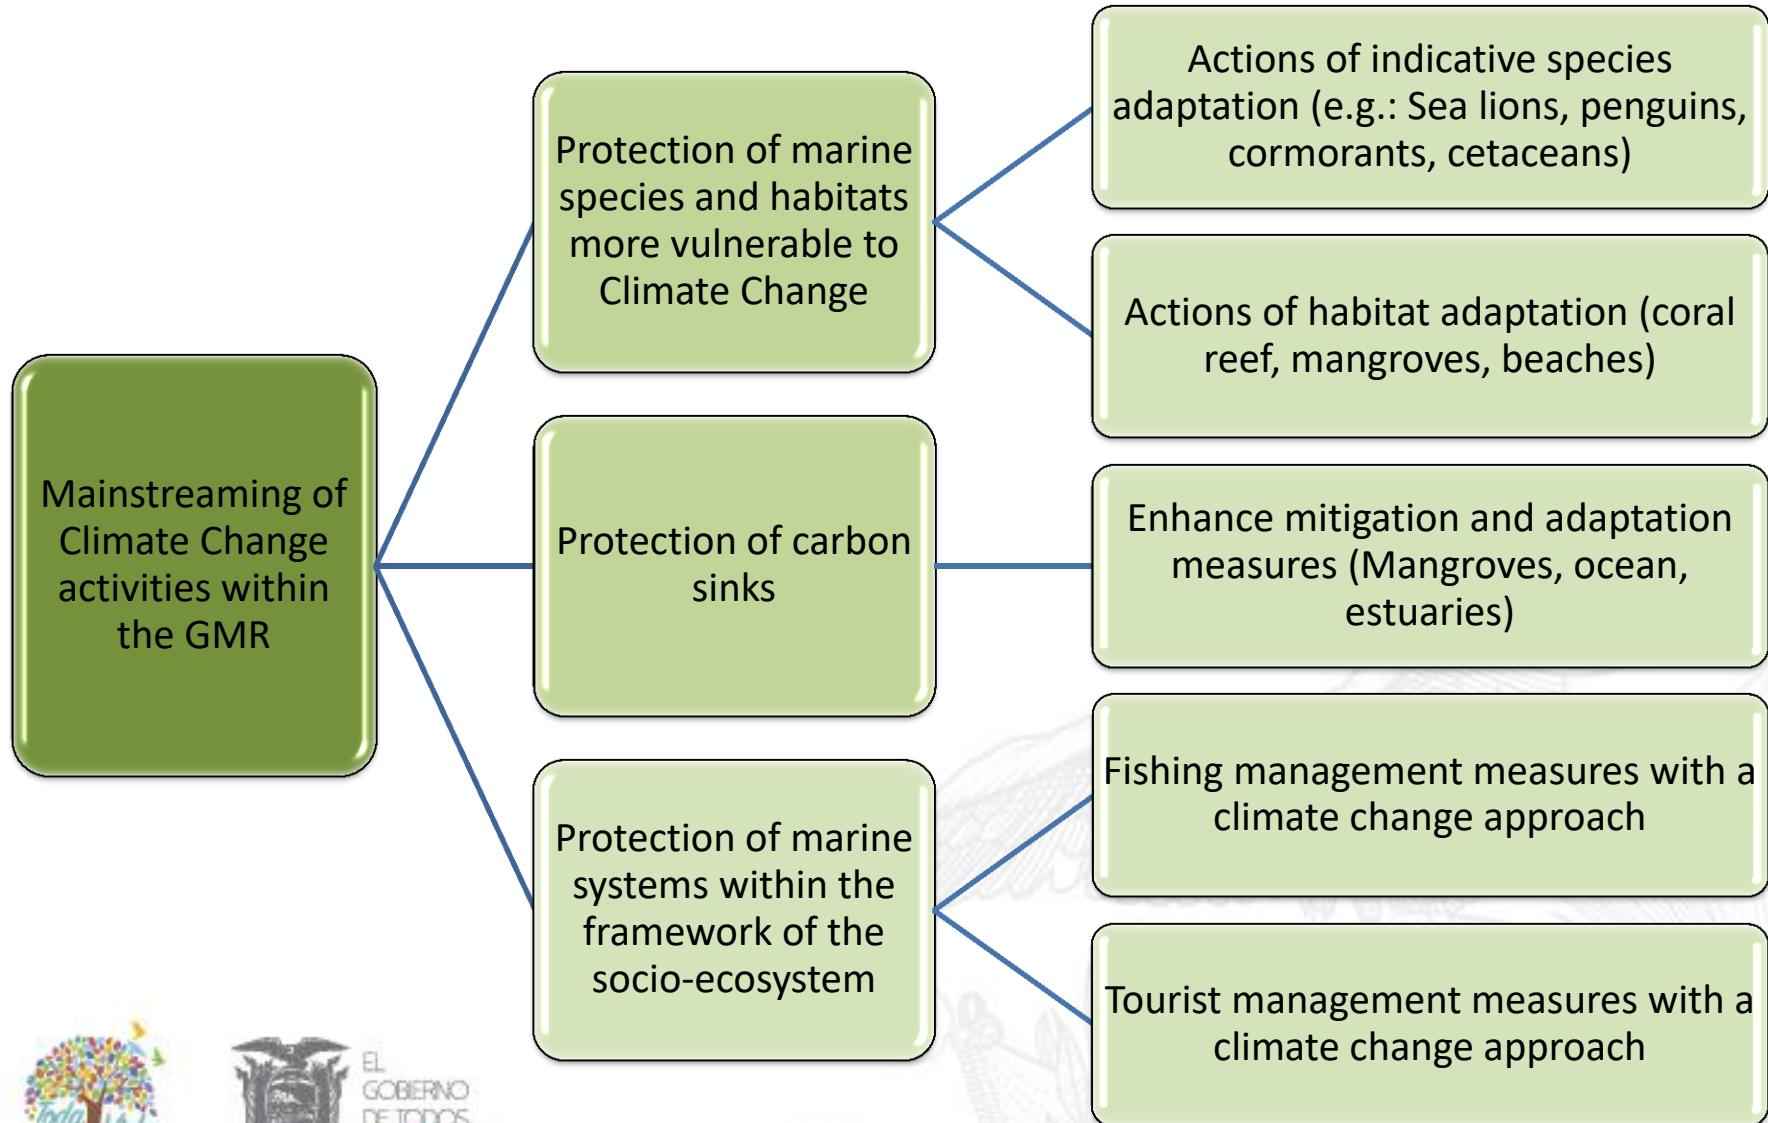

# PROGRAM 2

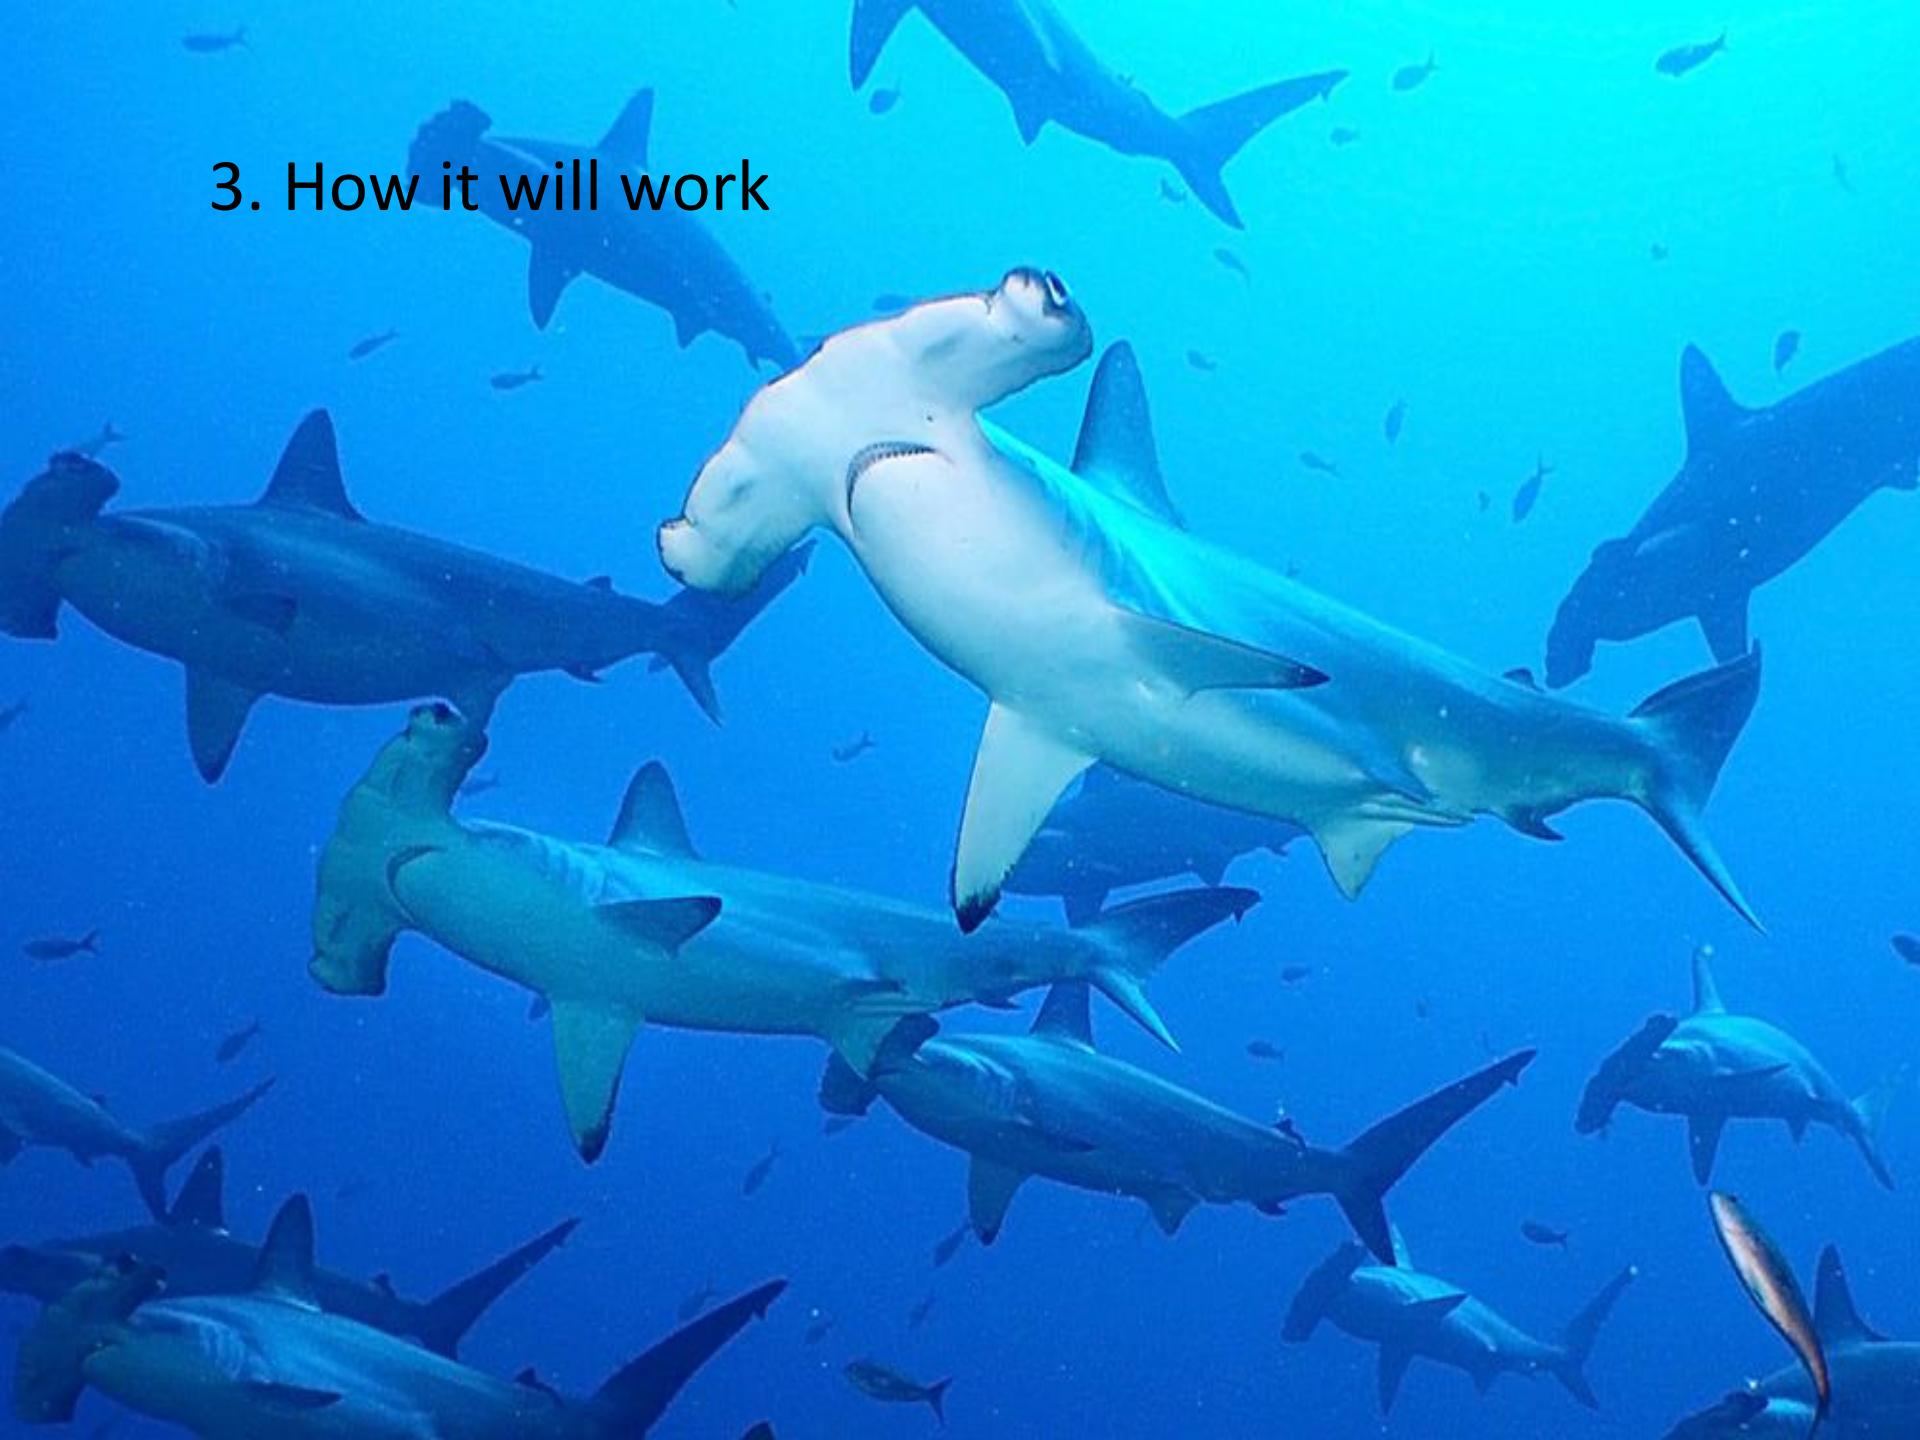

# PROGRAM 3

# PROGRAM 4

### 3. How it will work

## 3.1 Fund Creation

The FIARMG will be funded by public and/or private donations  
- **Public:** a percentage of the resources collection will come from the POT taxes. - **Private:** NGOs, Contributors.

Protect the value of the capital over time through investments, whose returns will be used to finance permanent expenses, programs, and projects as detailed previously.

This trust should have a capitalizable fund of at least 20 million USD, generating an interest of 1 million 400 thousand USD per year.

## 3.2 FEIG Model: Received Ressources and Heritage

| CONTRIBUTORS                                    | Initial Contribution | Recapitalizations / utilization cumulated until<br>2015 | Current capital      |
|---|----------------------|---|----------------------|
| CONTRIBUTION EE - FEIG                          | 5 000 000,00         | 365 697,17  | 5 365 697,17         |
| Private Contribution Feig                       | 13 303,85            | 4 646,38  | 17 950,23            |
| German Funds Contribution - Feig                | 3 517 724,00         | 0   | 3 517 724,00         |
| PNUD (UNF) United Nation Fundation Contribution | 734 512,50           | 18 440,65   | 752 953,15           |
