SOLUTIONS FOR A HEALTHY PLANET

I N V I T A T I O N

Learning from Local Solutions for
Achieving Global Biodiversity Targets

Friday, 23/11/18, 5:30pm
Rio Conventions Pavilion
Food and drinks provided

PANORAMA – Solutions for a Healthy Planet is a multi-thematic, multi-partner initiative for learning and knowledge management, promoting success stories in nature conservation and sustainable development for broader application.

This event will discuss the value of PANORAMA in the context of global policy targets, particularly around key COP14 agenda items, such as ecosystem-based adaptation, protected and conserved areas, marine and coastal issues and sustainable agriculture. The session will culminate in the new PANORAMA theme on “Business engagement in nature conservation”.
